Sample Conversations

Conversation 1 – Emotional Question

User:

I am nervous about my AI interview.

GPT:

It's normal to feel nervous before an interview. Practice common AI/ML questions, review your projects, and stay confident. I can also help you with a mock interview if you'd like.

Conversation 2 – Technical Question

User:

What is Machine Learning?

GPT:

Machine Learning is a branch of Artificial Intelligence where computers learn patterns from data to make predictions or decisions without being explicitly programmed.

Conversation 3 – Vague Question

User:

Can you help me?

GPT:

Of course. Please tell me whether you need help with AI/ML concepts, interview preparation, resume review, coding, or project guidance.

Testing Summary

- **Emotional Question:** The GPT responded with encouragement and support while maintaining a professional tone.
 - **Technical Question:** The GPT provided a clear and accurate explanation.
 - **Vague Question:** The GPT asked a follow-up question to better understand the user's request.
-
