

Structured and Utility-Driven Prompting Strategies

Instruction Tuning – Practical Exercises

Exercise 1: Customer Reminder Email

Subject: Reminder: Your Software License Expires in 7 Days

Dear Customer,

We hope you are doing well.

This is a friendly reminder that your software license will expire in **7 days**. To continue using all features without interruption, please renew your license before the expiry date.

To renew, log in to your account, go to the **License** section, and click **Renew Now**. Follow the on-screen instructions to complete the process.

If you need any help, please contact our support team at **support@company.com** or call **+91-9876543210**.

Thank you for choosing our services.

Best Regards,
Support Team

Exercise 2: Internal Announcement

Subject: Mandatory Cybersecurity Training

Dear Team,

We are pleased to announce a mandatory cybersecurity training session for all employees. The training will be held on **15 July 2026** from **10:00 AM to 12:00 PM**.

During this session, you will learn how to identify phishing emails, create strong passwords, protect sensitive information, and follow safe online practices. This training is important for maintaining a secure workplace and reducing cyber risks.

Your participation is mandatory, and we encourage everyone to attend on time.

Thank you for your cooperation, and let's work together to keep our organization secure.

Exercise 3: Product Description

Our time-tracking SaaS tool is designed to help startups manage their work more efficiently. It allows teams to track working hours, organize projects, and monitor daily progress with ease.

The platform provides simple reports that help managers understand team productivity and project performance. It also supports task management and real-time collaboration.

With its user-friendly interface and affordable pricing, this tool helps startups save time, improve workflow, and focus on growing their business.

Exercise 4: Meeting Summary

- The team approved the new project timeline.
- Feature development will begin next Monday.
- The design team will complete the final UI by Friday.
- Weekly progress meetings will be held every Wednesday.
- All team members must update their tasks before the next meeting.

Exercise 5: FAQ Creation

Q1. How can I securely log in to the mobile banking app?

Answer: Use your registered mobile number, password, and OTP to log in securely.

Q2. What should I do if I forget my password?

Answer: Select **Forgot Password**, verify your identity, and create a new password.

Q3. Why is my account temporarily locked?

Answer: Your account may be locked after multiple incorrect login attempts. Wait for some time or contact customer support.

Q4. How can I keep my banking account secure?

Answer: Never share your password or OTP, enable two-factor authentication, and regularly update your password.

Markdown Prompting – Practical Exercises

Exercise 1: Blog Outline

Answer

Benefits of Cloud Computing

Introduction

Cloud computing allows individuals and businesses to access computing resources over the internet without maintaining physical infrastructure.

Benefits

- Cost-effective
- Scalable and flexible
- Improved security
- Easy collaboration
- Automatic software updates

Use Cases

- Data backup and storage
- Web application hosting

- Online learning platforms
- Business collaboration
- Software development

Conclusion

Cloud computing improves efficiency, reduces costs, and supports business growth by providing reliable and flexible technology solutions.

Exercise 2: Product Feature List

Answer

Project Management Tool

Key Features

- Task Management
- Team Collaboration
- Time Tracking
- Project Dashboard
- File Sharing
- Calendar Integration
- Progress Reports
- Real-Time Notifications

Exercise 3: Training Agenda

Answer

One-Day AI Training Agenda

9:00 AM – 9:30 AM

Introduction to Artificial Intelligence

9:30 AM – 11:00 AM

Machine Learning Fundamentals

11:15 AM – 12:30 PM

Prompt Engineering Basics

1:30 PM – 3:00 PM

Hands-on AI Tools and Practice

3:15 PM – 4:30 PM

Mini Project and Group Discussion

4:30 PM – 5:00 PM

Q&A and Feedback

Exercise 4: Case Study Format

Answer

Case Study

Client

ABC Technologies Pvt. Ltd.

Problem

The company experienced delays in project delivery due to inefficient task management.

Solution

A cloud-based project management system was implemented to improve collaboration and project tracking.

Result

Project completion time improved by 30%, and overall team productivity increased.

Exercise 5: FAQ Page

Answer

5. Is my payment information secure?

Yes. We use secure encryption to protect your payment details.

Role Prompting – Practical Exercises

Exercise 1: HR Policy Email

Answer

Subject: Updated Work-from-Home Policy

Dear Employees,

As the HR Manager, I would like to inform you about our updated work-from-home policy. Employees are allowed to work from home up to two days per week with prior approval from their reporting manager. Please ensure you are available during office hours and attend all scheduled meetings.

Thank you for your cooperation.

Best Regards,
HR Manager

Exercise 2: Tech Support Reply

Answer

Dear Customer,

I'm sorry to hear that you're having trouble logging in.

Please check that you are using the correct email address and password. If you have forgotten your password, click on the **Forgot Password** option to reset it. If the issue continues, please contact our support team with a screenshot of the error message so we can assist you further.

Thank you for your patience.

Exercise 3: Marketing Copy

Answer

Achieve Your Fitness Goals Today!

Stay fit with our all-in-one fitness app. Enjoy personalized workout plans, track your daily progress, and stay motivated every step of the way. Download now and start your fitness journey!

Exercise 4: Trainer Explanation

Answer

Prompt Engineering is the process of writing clear and effective instructions for AI models to generate accurate responses.

For example, instead of asking "**Tell me about AI,**" you can ask "**Explain Artificial Intelligence in simple words for beginners.**" This helps the AI provide a more relevant answer.

Exercise 5: CEO Announcement

Answer

Dear Team,

I am excited to announce that our company is expanding into new markets. This is an important milestone that reflects our hard work and dedication. Together, we will continue to innovate, grow, and achieve greater success.

Thank you for your continued support.

Best Regards,
CEO

Style Transfer Prompting – Practical Exercises

Exercise 1: Formal → Casual

Answer

Original Text:

Please submit the report by the end of the day.

Casual Version:

Hey! Could you please send me the report by the end of the day? Thanks!

Exercise 2: Technical → Simple

Answer

Original Text:

The application uses end-to-end encryption to protect user data during transmission.

Simple Version:

The app keeps your information safe while it is being sent over the internet, so no one else can easily access it.

Exercise 3: Neutral → Promotional

Answer

Original Text:

This smartwatch tracks your daily activities and monitors your heart rate.

Promotional Version:

Stay active and healthy with our advanced smartwatch! Track your daily activities, monitor your heart rate in real time, and enjoy smart features that help you achieve your fitness goals.

Exercise 4: Corporate → Gen Z

Answer

Original Text:

We are pleased to announce the launch of our new internship program.

Gen Z Version:

Big news! Our new internship program is finally here. Learn awesome skills, work on real projects, and kick-start your career with us. Apply now!

Exercise 5: Long → Crisp

Answer

Original Text:

Our company has introduced a new customer support system that helps customers receive faster responses and better assistance through multiple communication channels.

Crisp Version:

Our new customer support system provides faster responses. Customers can get help through multiple communication channels. This improves the overall support experience.

Delimiter Prompting – Practical Exercises

Exercise 1: Text Summary

Answer:

Instruction:

Summarize the following text into 5 **bullet points**.

Input:

Cloud computing allows users to store, manage, and process data over the internet. It reduces infrastructure costs, improves collaboration, enhances security, and supports business growth.
###

Exercise 2: Product Description + Tone

Answer:

Product Details:

Wireless Bluetooth Earbuds

- Noise Cancellation
- 30-hour Battery Life
- Fast Charging

###

Tone:

###

Professional and Friendly

###

Product Introduction:

Experience high-quality sound with our wireless Bluetooth earbuds. With advanced noise cancellation, a long-lasting battery, and fast charging, they are the perfect choice for everyday use.

Exercise 3: Q&A Generation

Answer:

Topic:

###

Machine Learning

###

Interview Questions:

1. What is Machine Learning?
2. What is supervised learning?
3. What is overfitting?
4. What are common Machine Learning algorithms?
5. Why is feature engineering important?

Exercise 4: Multi-Output Task

Answer:

Task:

###

Write a headline.

###

###

Write a 50-word summary.

###

Headline:

AI is Transforming Modern Businesses

Summary:

Artificial Intelligence is helping businesses improve productivity, automate repetitive tasks, and make better decisions. Organizations across different industries are using AI to increase efficiency, reduce operational costs, and provide better customer experiences.

Exercise 5: Policy Analysis

Answer:

Policy Document:

###

Employees must wear ID cards, follow office timings, and maintain data confidentiality.

###

Summary:

Employees must follow workplace rules related to identification, punctuality, and protecting confidential information.

Key Rules:

- Wear your ID card at all times.
