

Introduction to Core Prompting Techniques

Exercise 1: Simple Reasoning

Question:

Decide whether 45 is divisible by 9.

Answer

Step 1: Rule for divisibility by 9

A number is divisible by 9 if the sum of its digits is divisible by 9.

Step 2: Apply the rule

Digits of 45 are 4 and 5.

$4 + 5 = 9$.

Step 3: Check the result

9 is divisible by 9.

Final Answer:

Yes, 45 is divisible by 9.

Exercise 2: Marketing Message Evaluation

Statement:

"Our ERP improves productivity."

Answer

Step 1: Identify the target audience

The target audience is businesses or organizations looking for ERP software.

Step 2: Identify missing information

- How does it improve productivity?
- Which industries is it for?
- Any measurable results or proof?
- What features make it better?

Step 3: Is the message convincing?

No. The statement is too general and does not provide enough details or evidence.

Step 4: Better version

"Our cloud-based ERP helps businesses automate daily operations, reduce manual work by up to 40%, and improve team productivity through real-time reporting and workflow management."
